Application/ submission / receipt dates: Deadline	Exp. Date	Start date	Monetary award
(R01) 10/5/08 2/5/09 6/5/09	9/8/2011		funds & awards will vary
9/17/2008 1/15/2009 5/1/2009	5/2/2009	6/2009 11/209 2/2010	Phase I - no more than \$100,000. year, Phase II no more than \$750,000. over 2 years
10-16-08 2/16/09 6/16/09	9/8/2011		no more than \$275,000 over 2 years with no more than \$200,000. in one year
10/5/08 2/5/09 6/5/09	9/8/2011		
11/5/08 3/5/09 7/5/09	1/8/2010		\$250,000.00
10/5/08 2/5/09 6/5/09	9/8/2011		will vary, generally \$250,000.

10/16/08 2/16/09 6/16/09	9/8/2011		\$275,000.00 over a 2 year period (or no more than \$200,000.00 /yr
9/7/08 1/7/09 5/7/09	5/08/11		\$250,000.00
10-05-2008 2-05-2009	1-8-2010		\$300,000.00 total
7/16/2008		Jan-09	
9-7-2008 9-7-2009	9/8/2009		\$100,000./year
10-25-2008 2/25/2008	9/8/2009		\$150,000 max over 3 years
8-15-2008 7-31-2009 7-30-2010	7/31/2010	3/2009 3/2010 3/2011	any appl. May request a project period of up to five years & a budget for direct costs up
8/14/2008 8/14/2009	8/15/2009	4/1/2009 4/1/2010	\$278,000/ yr for new applicants
12/16/2008 12/16/2009 12/16/2010	12/17/2010	7/2009 7/2010 7/2011	\$400,000 max over 4 yrs

9/07/2008 1/07/2009	1/3/2010	12/2008 4/2009	size & duration will vary, up to \$250,000/yr
9/07/2008 1/07/2009	1/3/2010	12/2008 4/2009	may request up to \$50,000/yr x 2 yrs
9/07/2008 1/07/2009	1/3/2010	12/2008 4/2009	\$275,000 max over 2 yrs
8/25/2008	8/26/2008		up to \$600,000./ over 6 yrs - but will vary from application to application
2/24/2008 5/22/2009	9/2/2009		\$275,000 over 2 year period
9/24/2008 5/22/2009	9/2/2009		\$50,000/year up to 2 years, a max of \$100,000 over 2 years
Sept. 7, January 7, May 7, 2009	5/2/2009		\$275,000 over 2 year period
Sept. 7, January 7, May 7, 2009	1/8/2010		size & duration will vary

Sept. 7, January 7, May 7, 2009	1/3/2010		
9/1/2008	9/2/2008	Mar-09	size & duration will vary
Sept. 7, January 7, May 7, 2009	1/8/2010		size & duration will vary
Sept. 7, January 7, May 7, 2009	1/8/2010		
Sept. 7, January 7, May 7, 2009	1/8/2010		s
Sept. 7, January 7, May 7, 2009	1/8/2010		size & duration will vary
June 16 & October 16, & Feb. 16 2009	9/8/2010		No more than \$250,000/yr
June 5, October 5, & February 5, 2009	9/8/2010		size & duration will vary
June 5, October 5, & February 5, 2009	5/8/2011		\$250,000/yr in direct costs.

October 16, 2008 February 16, 2009	5/8/2011		\$250,000. or less per year
Sept. 25 & Jan. 25, 2009	5/8/2011	3mos after peer review	size & duration will vary
June 16 & October 16	7/2/2009	December 08 & April 09	direct costs are limited to \$275,000 over a 2 year period, no more than \$200,000/yr
June 16 & October 16	5/8/2011	December 08 & April 09	limited to \$400,00 over 3 yrs & no more than 250,000/yr
June 5 & October 5	6/8/2011		size and duration will vary (costs of less than 250,00
1-Jun-08		Nov-08	\$5,000 over 1 year
1-May-08		Oct. 2008	\$7,500. over 1 year
May 25 & Sept. 25/2008	5/8/2011		\$200,000 annually
4/10/2008 4/10/2009	4/11/2009	9-Dec	\$250,000.00/yr max

----------	----------	--	----------

Information/ Executive Summary	Appropriate for:
The goal of this opportunity is to encourage research that will improve the quality and scientific power of data collected in the behavioral & social sciences.....research that addresses methodology & measurement issues in	database, ? Heartmath
The purpos of this announcement is to solicit Small Business Technology Transfer (STTR) grant appl. From small business concerns (SBCs) for development of new, innovative technologies fro research integrating human social and or behavior science with other disciplines	many.....
the purpose of this FOA is to provide support for investigators working in collaboration with the NIH Roadmap for Medical Research Ntl ctrs. For Biomedical Computing...This is intended to encourage new exploratory & developmental research projects.	Heartmath, rigorous database Research
...announcement is for projects from individual-investigators or small groups to collaborate with the NIH Roadmap for Medical Research National Centers for biomedical Computing (NCBCs).....for biomedical computational scientists who generate data that can be transformed into knowledge by computational simulation, analysis, modeling, data mining , and visualization.i.e., biological rhythms	Heartmath, <u>Rigorous database Research</u>
evaluate the efficacy of stress management interventions on intermediate outcomes purport to be in the biological or behavioral mechanistic pathway through wich mental stress is thought to influence major adverse cardiac events in patient with confirmed coronary artery disease	Heartmath, Caring Factor, music therapy
...encouraging submission of grant appl. That propose hypothesis-driven projects exploring associations between the built environment, other contextual features of where people of all ages live & work & health behaviors related to energy balance....projects should use population level data from health surveys & other large health studies...	Heartmath, Caring Factor Survey, Primary Nursing

same as above	same as above
...develop theoretically grounded approaches to prevention of HIV infection and transmission that incorporate biobehavioral approaches in studies that are culturally approaches...	AIDS, ? Love/caring,
A continuing goal of health services research demonstration projects is to improve the translation, dissemination, and use of research findings for...patients...to effect needed health care changes	STAFFING
Does QI training successfully improve health & healthcare quality....	John, would this pertain to any of your research on FALLS, etc?
seeks to facilitate the entry of both newly independent & early career investigators to the area <u>of drug abuse research on HIV/AIDS</u>	africa/HIV studies (<u>are they newer investigator??</u>)
Academic Research Enhancement Award (AREA) is to stimulate health disparities & minority hlth research at minority-serving schools of nursing and to promote the development of minority nurse scientists	Any U.S. institution who may have primarily Minority populations that they serve
The purpose of this FOA is to support research that will enhance knowledge of transmission and pathogenesis of HIV infection in women through investigations of biologic mechanisms that impact HIV transmission, disease acquisition, progression, and manifestations in women.	Africa/HIV studies
The purpost of this funding is to invite full appl. From U.S. institutions & planning grant appl. From low- & middle-income country institutions for collaborative research traing programs that would contribute to the long-term goal of building sustainable HIV-related research....	AIDS, Africa
...applications from org./institutions in eligible foreign countries that propose research related to infectious diseases that are of interest to that country.	AIDS, Africa

<p>...to encourage drug abuse research to address the changing dynamics of HIV/AIDS epidemic in the U.S....Internationally studies are needed on how to translate & adapt interventions that have proved effective in the U.S. to other communities & international settings...</p>	AIDS, Africa
<p>applications invited for multidisciplinary research programs that 1) devise optimal HIV prevention packages 2) design clinical studies to rigorously examine the safety & efficacy of target population 3) perform pilot studies to demonstrate that the proposed prevention package is acceptable to the target pop.</p>	AIDS, Africa
<p>...encourages investigators to submit research grant applications that will id. Develop, and refine effective & efficient methods, structure, and strategies that test models to disseminate & implement research-tested health behavior change interventions and evidence-based prevention, early detection diagnostic, treatment, and quality of life improvement services into public health and clinical practice settings.</p>	AIDS, Caring, ? Staffing
<p>...encourages investigators to submit research grant applications that will id. Develop, and refine effective & efficient methods, structure, and strategies that test models to disseminate & implement research-tested health behavior change interventions and evidence-based prevention, early detection diagnostic, treatment, and quality of life improvement services into public health and clinical practice settings.</p>	AIDS, Caring, ? Staffing
<p>The purpose of this program will support prophylactic vaccine research projects that are innovative, novel, may be high risk/high impact and that exhibit the potential to advance AIDS prophylactic vaccine design or evaluation.</p>	Non-domestic (non-U.S.) Entity (Foreign organization) Cameroon?
<p>research invited to i.d. factory necessary to enhance an alliance of trust between the provider & client, facilitate treatment readiness & maximize consumer participation and engagement in HIV prevention, outreach, transitional living & community services for the homeless and or person with severe mental illness.</p>	African Researchers eligible applicants: Non-domestic (non-U.S.) Entity (foreign organization.)

<p>this announcement is intended to appeal to a broad audience of alcohol & HIV/AIDS research...given the breadth of research objectives included in this announcement, potential applicants are encouraged to carefully review all sections of the announcement for research opportunities.</p>	<p>African Researchers eligible applicants: Non-domestic (non-U.S.) Entity (foreign organization.)</p>
<p>invites research on the interrelationships among and pathways linking social, economic, cultural, and institutional environments; prevalence & patterning of individual behaviors related to HIV risk & prevention; and the prevalence, patterning, and spread of HIV infection in a population</p>	<p>African Researchers eligible applicants: Non-domestic (non-U.S.) Entity (foreign organization.)</p>
<p>research to advance the scientific understanding of HIV treatment adherence and to enhance and expand available intervention strategies to promote, improve, and sustain adherence...</p>	<p>African Researchers eligible applicants: Non-domestic (non-U.S.) Entity (foreign organization.)</p>
<p>disparities in health among black males other males of different heritage.</p>	<p>African Researchers eligible applicants:Non-domestic (non-U.S.) Entity (foreign organization.) SPECIAL APPLICATION PACKET FOR FOREIGN APPLICANTS</p>
<p>disparities in health among black males other males of different heritage.</p>	<p>African Researchers - eligible applicants: Non-domestic (non-U.S.) Entity (foreign organization.) SPECIAL APPLICATION PACKET FOR FOREIGN APPLICANTS</p>
<p>advances the sciences of biomedical informatics & bioinformatics. Informatics is concerned with the optimal mgmt of information, & in practice is usually located at the intersection of computer & info. Sciences with an application domain such as health car, public health, basic biomedical research...</p>	<p>? Staffing, Heartmath</p>

inviting applications for collaborations for exploratory and developmental work on HIV/AIDS in the low and middle income countries in northern Africa (see overview)	HIV/AIDS in Africa
AHRQ would like to support rigorous study in the implementation of quality improvement strategies & provide generalizable scientific findings about the implementation of the quality improvement strategy... The quality improvement study must be one that is expected to result in major improvements in health care delivery that will enhance pt. outcomes...	Staffing
soliciting research studies that are qualitative, quantitative, and combined methods; that examine mechanisms, mediators, and moderators by which religious and spiritual beliefs develop and are transmitted across generations.....	Caring factors
The purpose of funding is to encourage the submission of high quality, preliminary research of humans that will advance the science of complimentary & alternative medicine.	Complimentary & Alternative med.
calling for research to advance the scientific understanding of secondary HIV prevention (risk reduction) and prevention of the potentially serious negative psychological consequences of receiving a diagnosis of HIV	United States candidates
Grant proposals must advance the science of nursing education through the use of technology in the dissemination of knowledge - current nursing license.	any nurse researcher
	New researcher
additional years of support to current CAM R25 grantees	Alternative & compl. Med IF THEY HAD RECEIVED PRIOR GRANTS....(R25)
solicits health research projects from researchers who are positioned to pursue clinical research investigating CAM & are closely linked to existing practice-based research networks	Alternative & compl. Med
Grants are offered to organizations that wish to exploit the capabilities of information tech.to bring usable, useful online health info to end user or to translate the finding of biomedical informatics research to practice	healthmath, datamining,

to encourage empirical research on health literacy concepts, theory and interventions as these relate to public health priorities...low health literacy is likely to be a major contributor of adverse health outcomes supported by AHRQ, CDC & NIH. Researchers are encouraged to address health literacy as it pertains to prevention, healthy living, chronic disease management, patient -	Non-domestic (non-U.S.) Entity (Foreign organization) Cameroon?
..improve the diversity of the research workforce by supporting and recruiting investigators from groups that have been underrepresented. The NIH recognizes a unique and compelling need to promote diversity in the biomedical, behavioral, clinical and social sciences workforce	Women Researchers, Heartmath, HCE (small company), Caring Factors..
...identify potent, modifiable risk & protective factors amenable to intervention and to translate results into test of theory=driven prevention....risk and protective factors include biological.....	Heartmath
This grant supports different types of health services research projects including pilot and feasibility studies; secondary analysis of existing data; small, self-contained research projects; development of research methodology and development of new research	EVERYONE
1) supports improvements in health outcomes 2) Improving quality and Pt. Safety 3) ID strategies to improve access and foster appropriate use and reduce expenditures	EVERYONE
The foundation is focusing its grantmaking on projects in women's health, the medically underserved, preventative and integrative medicine do focus on New Jersey and Northeast states....worth a try...	http://foundationcenter.org/grantmaker/rippel/guide.html
research focused on problems in biology and medicine...to develop novel and more sophisticated approaches for the diagnosis, treatment of an array of diseases and traumatic injuries	Heartmath

low or middle income (developing) countries,..intended to increase the pool of foreign social/behavioral scientists..nurses, health professionals	African Researchers
To encourage the research career development of clinical based nurses through support of clinically oriented research.....registered nurse actively involved in some aspect of health care delivery, education, or research in a clinical setting	
invite applications from eligible institutions for innovative, collaborative research training programs tha would contribute to the lon-termgoal of building sustainable research capacity in HIV-related conditions at institutions in low and middle-income countries	
promote innovative, interdisciplinary research that will advance new concepts in woen's health research and the study of sex/gender differences	
	Heartmath
providing funding opportunities for th increasing pool of foreign social and behavioral scientists, clinical investigators, nurses & behavioral scientists...too advance critical issues in global health through behavioral and social sciences research upon return of the investigators to their home countries	international research
The PI award (Pathway to Independence) program is to increase & maintain a strong cohort of new and talented NIH-supported independent investigators. ..is designed to facilitate a timely transition from a entored postdoctoral research position to a stable independent research position	Any, all

<p>...The primary objective of this funding opportunity is to help ensure that diverse pools of highly trained scientists will be available in adequate numbers and in appropriate research areas to carry out the nation's biomedical, behavioral, and clinical CAM research agenda</p> <p>research training fellowships???</p>	<p>Heartmath, Caring Factor</p>
---	---------------------------------

Additional Info.

special form for foreign applicants
